### **Basic Job Function**

The Senior Owner's Representative manages work associated with the construction and building analysis of RES projects. The Senior Owner's Representative assumes responsibility within the RES Department, participates in RES consulting and development projects led by other RES staff, and directly coordinates and manages all aspects of construction projects as a member of Project Teams. This includes conducting site visits and analyses on potential buildings for clients, conducting facilities assessments and providing analyses of facilities, taking an active role in managing the design process on construction projects, managing all aspects of construction projects, project accounting and reporting, and managing client relationships during the construction phase of projects. The Senior Owner's Representative works on many real estate projects simultaneously, participates in departmental planning meetings for projects, is an active Project Team Member on projects, and supports the work of the Senior Vice President and other RES staff as necessary.

### **Duties and Responsibilities:**

1. Conducts site visits of buildings for potential lease or purchase by clients, assesses buildings and their systems for suitability for client's intended purpose, and provides analyses of such buildings.
2. Conducts facilities assessments of clients' existing facilities according to the policies and procedures of the RES Department, assesses facilities' major systems, layout, structure and suitability for program purposes, analyzes data collected through facilities assessments, prepares cost estimates, and provides written and visual recommendations for modifications or improvements.

3. Coordinates services of architects and engineers and other professionals in connection with the design phase of projects. Ensures that such professionals are providing services according to the project criteria set, and the project schedule and budget.
4. During the construction phase of assigned RES projects, coordinates all aspects of construction management ensuring that project goals and milestones are being met.
  - a. Solicits bids from and secures various real estate professionals and vendors for work on projects. Evaluates and makes recommendations on bids and negotiates terms of works and approves hiring of vendors.
  - b. Coordinates pre-construction work associated with projects including securing construction estimates and any other work necessitated by the project.
  - c. Oversees securing permits for construction projects including meeting with government officials and addressing problems that arise to ensure permit is secured according to schedule.
  - d. Assists with the negotiation of construction contracts and architectural contracts for construction projects.
  - e. Reviews architectural plans, construction drawings and performance specifications for accuracy; identifies areas for costs savings and works with architects to produce plans that meet clients' budgets.
  - f. Manages relationships with contractor and architect during construction, attends construction meetings, reviews and keeps track of shop drawing submittals, reviews and approves change orders, and works toward resolving construction-related disputes that arise.

  - h. Assesses the status of projects against their plan and schedule, identifies actual or potential problems, and facilitates and guides solutions to ensure that the projects are completed as planned.
  - i. Keeps management team and Project Team Leader apprised of progress through regular updates or meetings.
- 5. Assists other Project Team Leaders as a Project Team Member in a supporting capacity and carries out duties as assigned by the Project Team Leader.
- 6. Develops and improves systems and procedures for construction management within RES and trains other RES staff in these systems and procedures.
- 7. Makes presentations to and facilitates meetings with clients, represents IFF Real Estate Services at meetings, presentations and events, and prepares written materials on projects for other IFF departments as needed.
- 8. Manages all construction or repair work associated with the IFF's asset management portfolio as necessary, including visiting sites, assessing facilities, hiring vendors, and working on specific projects that arise related to IFF-owned buildings.
- 9. Maintains required job knowledge and skills and core professional competencies. Attends and participates in required educational programs and staff meetings.
- 10. Performs other duties as assigned.

**Performance Measures:**

1. Successful completion of assigned projects according to goals set for each project, the project budget and schedule, and the RES department's policies and procedures. Completed projects meet quality standards.
2. Good working relationships with architects, contractors and other professionals as a result of work on projects.
3. Achieve and maintain the highest quality of work product and level of excellence for both internal and external clients.
4. Internal and external meetings are facilitated in an organized way and are meaningful to the participants. Outcomes of these meetings are analyzed and well presented.
5. Continually seek to achieve efficiency and other improvements in all operations.
6. Achieve and maintain a superior level of satisfaction and working relationship with all internal and external clients, partners and team members in the development and execution of contract and project efforts.
7. Written reports are complete, accurate and clear and follow policies and procedures.
8. Oral presentations are clear, well organized, comprehensive and persuasive. Appropriate supporting material and visual aids are well utilized and enhance the presentation.
9. Values and supports differences in others, contributing to an inclusive work environment. Demonstrates the ability and willingness to communicate effectively with people of diverse backgrounds and experiences to create a collaborative, collegial, and caring community.

10. In the role as Project Team Leader, Project Team Members are satisfied with how the project was organized and managed and the project's outcomes; in the role as Project Team Member, Project Team Leaders are satisfied with work on the project.
